Unique Features

The Schneider Easy EV Link EV Link charger is a reliable and simple plug and play charger. With one simple step, you are charging your EV. Less hassle with all the reliability of the world renowned Schneider Brand. The Schneider Easy EV Link charger is convenient, looks modern, simple, sleek and more importantly comes with a power load management option to avoid power overloads, when in use with other household appliances. You won't get caught out with tripping power with the **Easy EV Link power load peak controller option**.

When it comes to the brand you can trust, you can't beat Schneider. Schneider has been Australian based for **over 50 years** and offers local fast service technicians whenever you need them to your door. The Schneider Easy EV link has Multicolour illuminated LED Light charging functions, and is robust and built to withstand the harshest of weather conditions, from extreme cold and storms to scorching heat. The **IP55 rated casing** means this charger is dust-tight and protected against strong jets of water.
